- Pure Dolby Digital sound on your TV
- Enjoy surround sound on your home theater with optical port

Movies, Music and Photos on your HDTV. Now in Mini.

- Watch and enjoy your media in HD
- Stream all your media, no matter where it is in your house
- Connect a USB hard disk, digital camera, or video camera
- UPnP and DLNA player

Made for HDTV

Improve the look of your movies and photos on your HDTV with full HD 1080p playback and upscaling. With no compromise on quality, the LaCinema Mini HD Connect goes one step further by adding stunning 1080p playback through HDMI 1.3. This multimedia hard disk supports a wide variety of video, photo, and music formats. An easy-to-use on-screen menu and remote control have been designed to improve your experience.

Bridging PC and HDTV

Enjoying movies on your HDTV with the LaCinema Mini HD Connect is simple; just connect a USB hard disk and play. No configuration is required. You'll save time and avoid having to burn CDs/DVDs to hold all of your media. You'll also be able to enjoy your MKV, DivX, and many more file types on any TV.

UPnP™ & DLNA®

The LaCinema Mini HD Connect is a welcome addition to your home network. Once attached to the cable modem or router, all digital content stored on a PC or network hard drive is immediately available on your television.

Sophisticated and Compact Design

Amazingly small for its capabilities, the LaCinema Mini HD Connect brings a world of entertainment to the palm of your hand. Designed by Neil Poulton, it adds a fashionable style to your home cinema setup.
