## Professional 2-Bay RAID Server

Gigabit Ethernet | USB 2.0

## Network Storage for Offices

The LaCie 2big Network 2 offers professional, reliable, central storage for instantly storing, sharing, and backing up from any PC or Mac® on your network. Manage your small office network easily with this full-featured file server, recommended for networks with up to 200 users. You can also use your 2big Network 2 as a print server and expand its capacity by connecting external hard drives into the external ports (USB and eSATA).

### 2BIG NETWORK 2 RAID FLEXIBILITY

MODE	CAPACITY	PROTECTION	SPEED
RAID 0	100%	★	★★★★
RAID 1	50%	★★★★★	★★★

## RAID Protection

You can easily and safely change your RAID mode using the 2big Network 2's web interface. For maximum capacity, choose a RAID 0 array of the two hard drives (your data is not protected in case of disk failure). For maximum protection, choose RAID 1 for automatic mirroring of one disk to the other (available capacity = 50%). This mode allows data protection in case of a 1-disk failure. The hot-swappable disk trays even allow maintenance without affecting your workflow; a defective disk can be replaced easily without having to turn off the 2big Network 2. Extra spare disks are available as an option for immediate replacement.

## A Complete Backup Solution

Get extra security and increase data portability by backing up your 2big Network 2—on your own schedule—to an external hard drive through its USB and eSATA ports using the built-in copy system. The 2big Network 2 also comes with three client licenses for Genie® Backup Manager Pro™ for Windows® and three licenses for Intego® Backup Manager Pro™ for Mac to install on each PC or Mac for client backups to the NAS. This software lets you reliably and efficiently back up your documents, emails, settings, or other digital assets; it supports compressed, encrypted, or image backups and implements a computer recovery function in case of a system failure. The LaCie 2big Network 2 is compatible with Mac OS X v10.5 Leopard, including Time Machine®, making it an ideal partner for your Mac.

- Fast access to your NAS—performance up to 68 MB/s\*
- RAID 1 hot-swap option in case of disk failure
- Complete backup solution for data integrity
- Advanced power management options
- Dynamic DNS remote access

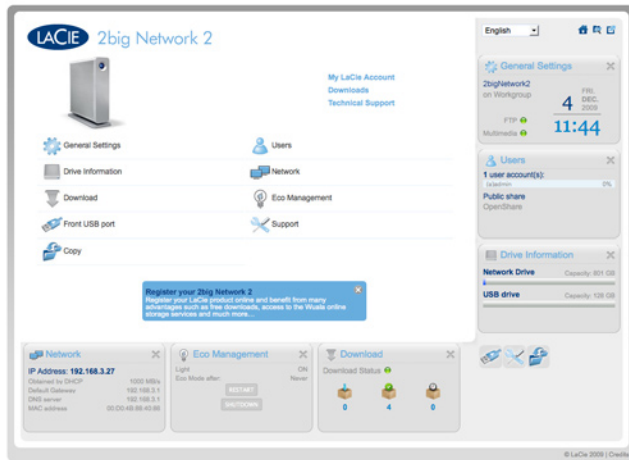

## USB Direct Connection

You can connect your 2big Network 2 directly to your computer through a USB cable to access to a dedicated folder USBShare of up to 500GB like a normal external hard drive. This unique feature allows you to gain extra flexibility and mobility for customized usage, so you'll be able to format this USBShare in your preferred file system using your computer.

2big Network 2

PC / Mac

## Simple, User-Friendly Administration

With the 2big Network 2's new widget-based dynamic web interface, administration is easy, convenient and secure. Thanks to its DHCP and Apipa support, network configuration is fast and automatic. The product integrates easily with existing Windows domains using Active Directory and it allows user, groups, share and quota management. Access to administration pages and shares is easy using LaCie Network Assistant and, on top of that, it can provide its administrator notifications via email of events like backup, RAID, disk failure, high temperature, etc.

## Eco-Management

The LaCie 2big Network 2 helps you to reduce power consumption by switching to idle mode (disk spins off) after a determined inactivity time. Also you can schedule a deep sleep on/off mode according your needs. Thanks to the Wake-on-LAN feature, it can be switched back to operating mode from the client side. The 2big Network 2 also integrates UPS support through its USB port to ensure proper shutdown in case of power failure. On top of that, its exclusive aluminum heat sink design makes it your ecological partner—it's recyclable and ROHS-compliant.

## Minimum System Requirements

- Computer with an Ethernet network adapter
- Latest version of: Windows XP, Windows Vista, Windows Vista 64-bit, Windows 7 / Mac OS X 10.4, 10.5, 10.6 / Linux 2.6
- Minimum free disk space: 600MB recommended
- Web browsers: Internet Explorer™ 7.0, Firefox™ 3.0, Safari™ 3.0, or Chrome 2.0 or higher

## Box Content

- LaCie 2big Network 2
- Ethernet cable
- USB 2.0 cable
- External power supply
- Drive stand for upright use
- Utilities CD-ROM with software and User Manual
- Quick Install Guide
- Drawer key

LaCie 2big Network 2			
Capacity*	2TB	3TB	4TB
Item Number	301507	301508	301509
Interface	1 x Gigabit Ethernet 10/100/1000 Base-TX		
	1 x USB 2.0 (type B)		
Expansion Ports	1 x eSATA 1 x USB 2.0 (type A)		
Burst Transfer Rate† (Over Ethernet)	OS with 64KB I/O – Read: up to 50MB/s; Write: up to 35MB/s OS with 1MB I/O – Read: up to 68MB/s; Write: up to 40MB/s		
RAID Modes	RAID 0, RAID 1 (hot-swappable)		
Network Protocols	File Server: SMB, AFP, FTP, HTTP, HTTPS Others: Apple Bonjour, BitTorrent™, NTP, DHCP, Apipa		
Remote Access	Via FTP or HTTP. Dynamic DNS services optional.		
Administration	Direct access to NAS using LaCie Network Assistant Customizable “widget-based” interface		
Backup Solutions	PC to NAS: encrypted, compressed, scheduled, remote (FTP) Data restore and data disaster recovery available NAS to DAS		
Special Features	Hard disk quota management Time Machine compatible Print server** Torrent client for standalone downloads NTFS write support		
Security Access	Users, groups, and shares management. Private and public access. Active Directory support		
Multimedia	UPnP A/V and DLNA Media Adapter compatible Remote photo thumbnails; MP3 file streaming iTunes® (DAAP) server		
Bundled Software	LaCie Network Assistant for Windows, Mac, and Linux Genie Backup Manager Pro software for Windows Intego Backup Manager Pro software for Mac		
Environment and Power	Automatic standby mode; Scheduled ON/OFF*** Wake-on-LAN Uninterrupted Power Supply (UPS) support** Recyclable: Aluminum, ROHS		
Cooling System	Heat sink aluminum body Thermoregulated fan		
Dimensions (WxDxH)	90 x 201 x 183 mm / 3.5 x 7.9 x 7.2 in.		
Weight	3.7 kg / 8.1 lbs.		
Warranty	3-year limited		

## Premium 3-Year Warranty

The LaCie 2big Network 2 comes with a 3 Year Limited Warranty. For superior service, it also comes with an optional Advance Care Option, which can be purchased separately online within 30 days of the purchase date. Under the Advance Care Option, LaCie will immediately swap out the product without it needing to be returned first for minimal interruption of your workflow. LaCie covers all freight costs. Availability depends on the sales area. See [www.lacie.com](http://www.lacie.com) for details.

## LaCie 2big Network 2 Spare Drive

Item #	301464	301465	301469
Capacity	1TB	1.5TB	2TB

\*1TB (Terabyte) = 1000GB. 1GB = 1,000,000,000 bytes. Total accessible capacity varies depending upon operating environment (typically 10–15% less).

\*\*Refer to our website for list of supported printers.

\*\*\*OFF mode: product in standby.

†Tests performed using IOZone tool in SMB file systems. PC used: Core2 Quad 2.66 GHz, 4GB RAM, Gigabit Ethernet Switch Netgear GS108, Network Adapter Intel PRO/1000 PT Quad Port, OS Vista Professional 64-bit. Performance depends on file system used, file size, and may vary from one drive to another.

\*\*Refer to our website for list of supported UPSs.
